Tasting Notes

Bright, the colour of old gold.

Complex bouquet of aromas with references to both the grape variety, notes of dried fruit, and to the ageing, with vanilla, toasted dried nuts and tobacco dominating.

Excellent combination of strength, complexity and finesse. Velvety, with a very long finish.

Food pairing

The best company for a glass of Methexis Cigar is either a cigar or another glass of Methexis Cigar. To enjoy its full aromatic richness warm up the glass with your hand.
